Friday 27th November 2020

Dear Parents/Carers,

Google Classroom

On Friday 23rd October we launched our home learning provision **Google Classroom**. As we are still living in unprecedented times, we want to ensure that all children have access to learning including those children who have to isolate or are shielding for medical reasons.

We wanted to take this opportunity to remind you what to expect to see on Google Classroom. Every week children can log in to Google Classroom to find lessons that have been planned by their teacher. There will be a range of PowerPoints and activities to work through. The tasks can be completed on paper and do not need to be shared with the teacher. However, if your child does share their work on Google Classroom, their teacher will respond with feedback, corrections and/or praise. Children can also communicate directly with their teacher using Google Classroom.

You can access Google Classroom using a computer, tablet or phone. If you do not have access to either of these, then please contact the school office who can print off the activities from Google Classroom and this can be collected from the office or posted home to you.

Teachers have already given children their own personalised login details for Google Classroom however we will be sending these out again. Please ensure you have logged out all of Google accounts before trying to log in as this will prevent any difficulties logging in. If you still have problems accessing Google Classroom then please contact the school office.

As well as Google Classroom, teachers will continue to set activities on Purple Mash and Mathletics.

We hope that Google Classroom will be a platform that is very beneficial for your child/children if they have to isolate at home during this time. Please ensure you contact the office if you have any questions regarding Google Classroom and the activities that have been set.

Yours sincerely,

Miss Audain (Assistant Headteacher/SENCo)
